SUBJECT: TERMINATION OF NRC RADIOACTIVE MATERIALS LICENSE NO. 11-27662-01

Dear Dr. Kenner:

By letter dated January 10, 2011, Cardiovascular Consultants of Idaho informed the U.S. Nuclear Regulatory Commission (NRC) of the purchase of all assets of licensee Dr. Charles Rasmussen and Dr. Michael Kenner by St. Alphonsus Regional Medical Center (license number 11-27306-01). Initially they had requested a name change to license number 11-27662-01. However, in a subsequent electronic mail dated March 16, 2011, St. Alphonsus Medical Center – Nampa, Inc. (formerly St. Alphonsus Regional Medical Center) confirmed their intentions to terminate NRC radioactive materials license 11-27662-01. In concurrence with this termination, St. Alphonsus Medical Center – Nampa, Inc. will be issued amendment number 37 to include the location of use formerly under the licensee Dr. Charles Rasmussen and Dr. Michael Kenner.

Please find enclosed Amendment Number 07 to License No. 11-276629-01, authorizing your license termination. An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(20)(ii).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
