Submittal of Site-Specific SAFSTOR Decommissioning Cost Estimates

This letter submits the decommissioning cost estimates for Calvert Cliffs Nuclear Power Plant. This letter will be referenced in the 2011 biennial decommissioning funding status plan.

The decommissioning cost estimate (Attachment 1) contains several possible scenarios for decommissioning. Attachment (1) contains information that is proprietary to Constellation Energy Nuclear Group, LLC; therefore, it is accompanied by an affidavit signed by Constellation Energy Nuclear Group, LLC, and owner of the information (Attachment 2). The affidavit requests that it be withheld from public disclosure pursuant to 10 CFR 2.390(a)(4) and 9.17(a)(4). The entire cost estimate is proprietary, therefore, no non-proprietary version is provided.

AFFIDAVIT

I, Carey W. Fleming of Constellation Energy Nuclear Group, LLC, parent of Calvert Cliffs Nuclear Power Plant, LLC, do hereby affirm and state:

1. I am authorized to execute this affidavit on behalf of the Calvert Cliffs Nuclear Power Plant, LLC.
2. The CENG Company is providing information in support of their submittal of site-Specific SAFSTOR decommissioning cost estimates. The documents being provided in Attachment (1A) contain proprietary financial information and financial projections related to the ownership and operation of the CENG company's generation assets. These documents constitute proprietary commercial and financial information that should be held in confidence by the NRC pursuant to the policy reflected in 10 CFR 2.390(a)(4) and 10 CFR 9.17(a)(4), because:
 - i. This information is and has been held in confidence by the CENG company.
 - ii. This information is of a type that is customarily held in confidence by the CENG company, and there is a rational basis for doing so because the information contains sensitive financial information concerning the CENG company.
 - iii. This information is being transmitted to the NRC voluntarily and in confidence.
 - iv. This information is not available in public sources and could not be gathered readily from other publicly available information.
 - v. Public disclosure of this information would create substantial harm to the competitive position of the CENG company by disclosing internal financial projections.
3. Accordingly, the CENG company requests that the designated documents be withheld from public disclosure pursuant to the policy reflected in 10 CFR 2.390(a)(4) and 10 CFR 9.17(a)(4).

Carey W. Fleming
