Dear Dr. Tarr:

This refers to the letter dated December 8, 2010, signed by Thomas Mee, Vice President of Operations for your medical center, regarding a request to add Kevin Carter, D.O., as an authorized user to your NRC license.

The request to name Dr. Carter to your license stated that Dr. Carter is listed as an authorized user on NRC license number 21-25929-01. I researched this request by going through approximately the past seven years of amendments to NRC license number 21-25929-01. Dr. Carter's name did not appear on this license during this timeframe and I could not find a request to name him as an authorized user on this license either.

Therefore, I am unable to approve this amendment at this point in time. If you are able to provide information and/or evidence that Dr. Carter qualifies as an authorized user, you may re-apply in the future. If you pursue this request, please reference your written response as "additional information to control number 574075" and mark it to my attention to facilitate proper handling in our offices.

As we are unable to issue an amendment at this time, we have voided your request for Dr. Carter. This action is without prejudice to resubmission. If you have any questions or require clarification on any of the information stated above, you may contact us at (630) 829-9887 or you may contact me directly at (630) 829-9841.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "Colleen Carol Casey".
