David,

The draft SOARCA report can be found at Adams ML103010444. We plan to issue this draft report for public comment by the end of January 2011 with a two month public comment period and have the final report ready to go to the Commission by the end of June 2011. I believe that this report, if approved by the Commission for use, will favorably affect Emergency Preparedness/Emergency Planning Zone determination for upcoming SMR design reviews.

Jay
