Bob,

The ACRS Subcommittee on Regulatory Policies and Practices will hold a meeting on July 10, 2007, 10:30am until the COB. The Subcommittee will discuss the status of staff's efforts associated with the State-Of-the-Art Reactor Consequence Analysis (SORCA) Project.

Please provide me with a formal memo requesting the Subcommittee review. The Committee also needs 15 hard copies of the documents to be reviewed. Also we need to know whether any portion of the meeting should be closed.

Thanks,

Hossein

Attached is the agenda, the Peach Bottom and Surry Sequence selection material including Enhanced SPAR internal event and external event information, a Dose Threshold Options Paper, and the SOARCA Project Plan presentation for the subcommittee review. Any questions, please let me know.

Thanks!

Bob
