**Subject:** FW: CA Note - STATE-OF-THE-ART REACTOR CONSEQUENCE ANALYSIS STUDY AND THE PROPOSED NEW LEVEL 3 PROBABILISTIC RISK ANALYSIS  
**Attachments:** CANote 100510\_Frazier\_RES SORCA\_OUO.docx; ADAMS Document.ADC

I'm not sure if you're keeping with e-mails, but Jim reminded me that the CA note discussed the extension request for the Level 3 PRA paper. Based on that, I'd think we'd be safe adding the note to the list of items coming to the Commission.
