Thanks for the e-mail. No, we are not in any rush. We'll be in touch with RES regarding a possible July SOARCA briefing at a later time.

Hi Antonio,

FYI, Richard is out the rest of today and tomorrow.
If you have any immediate questions or concerns, feel free to e-mail or call me.
I am working from home today but can be reached by phone through the NRC operator.

Thanks, and hope all is well,
Tina

Hi Antonio,

I inquired the SOARCA status after the NACT meeting. Here is the response from the PM of this project. They prefer to have the subcommittee meeting in July/August time frame. We need to reschedule the meeting date in next NACT meeting. Also Richard Chang will be the new contact staff for this meeting.

Please let me or Richard know if you have other questions. Thanks.

Dear Peter,

We are in the process of extending the SOARCA schedule, and April is not a good time.
Could you reschedule this to a subcommittee meeting in July/August for the SOARCA main report?
Also, Richard Chang should be the new contact.

Thanks,
Tina

Tina,

Could you please respond- I am on my way to Surry. I would delay the meeting per the newly agreed upon schedule. I would say a subcommittee meeting in July/ August would be good for the main report.

Thanks,
Richard

Hi Pat,

I was in the NACT (ACRS coordination meeting) meeting this morning. Antonio Diaz from ACRS asked me about SOARCA status. He was asking if the April Full Committee Meeting (04/07/11) was still good. The document due date is March 13, 2011. Please contact him for the schedule. Also currently the contact staff name on the ACRS schedule (Item 27 in the attached doc) is still Scott Elkins. Please assign a new name for contact purpose.

Thanks.
