Subject: SOARCA
Attachments: New NRC Daily Notes for October 29, 2010

I'm working on getting in touch with RES on SOARCA and publication of the draft NUREG. You probably saw the Daily Note that came out a while back, which provided the ML number of the draft NUREG, but just in case you missed it it's been available internally at ML103010444 for the last few months.
