Good morning, Patsy.

Below are the details of the teleconference that you may use to participate. Please do not distribute these numbers further as we have a limited number of lines.

It would be appreciated if you could minimize the number of times you hang up and redial in as this is somewhat disruptive. And thank you for using mute when in listening mode.

Thank you.

Subject: Powertech public meeting

Hello,

I'm considering calling in to the upcoming meeting to discuss Powertech's responses to NRC Staff's request for additional information (April 7-8). It appears to be an extended meeting (two days) and I'm certain I'll not be able to listen the entire time. Is this something you can accommodate? If needed, I could keep the line open during the entire meeting with my line on mute.

Thank you,

Patsy
