

April 29, 2011

MEMORANDUM TO: Dennis Morey, Acting Chief
Conversion, Deconversion
and Enrichment Branch
Fuel Facility Licensing Directorate
Division of Fuel Cycle Safety
and Safeguards
Office of Nuclear Material Safety
and Safeguards

FROM: Matthew Bartlett /RA/
Conversion, Deconversion
and Enrichment Branch
Fuel Facility Licensing Directorate
Division of Fuel Cycle Safety
and Safeguards
Office of Nuclear Material Safety
and Safeguards

SUBJECT: FOLLOW-UP ISSUES PROVIDED TO INTERNATIONAL
ISOTOPES, INC., REGARDING DRAFT RESPONSES TO
REQUESTS FOR ADDITIONAL INFORMATION

The U.S. Nuclear Regulatory Commission's staff has provided a number of follow-up issues to International Isotopes, Inc., (INIS) regarding their draft responses to the requests for additional information (RAI). INIS has indicated they will clarify the follow-up issues in the formal RAI responses. The titles of the enclosed documents indicate the review areas.

Enclosures:

1. Draft Follow-up Issues for RAI Responses from Accident Analysis, Chemical Safety, General Information, Organization and Administration and Quality Assurance
2. Non-Public Follow-up from Fire Draft Responses from INIS

Docket No. 40-9086
License No. N/A

Enclosure 2 contains Security-Related Information. This memo is decontrolled when separated from Enclosure 2.
