I am the proper person to contact regarding the ISR SEISs. Mitzi's group is not involved. Joan

Joan,

With the recent OGC reorganization, are you still the correct contact person on the ISR SEISs, or should I also loop in someone in Mitzi's group?

Thanks,
Carrie.

Carrie,

I will have to track down the EPA response letter. I am not assigned to that particular task. My branch chief has a target issuance date of June 25th for the letter. The SEISs are being revised and are scheduled to be issued at the end of July.

Jenny

Subject: mitigation of project-related emissions

Christianne, Jennifer, Joan:

Do you have staff's response to the EPA's comments on the SEISs addressing the mitigation request (e.g., the relevant SEIS section)? It would be helpful to our conversation at 10:30. Would you also please clarify the current status of the SEISs – are they out yet in final form or are they still being worked on and if so, what is the expected publication date?

Thanks,
Carrie.
