Joan,

Can you forward me the set of comments that Patty sent to you?

Cathy

**Subject:** Some background for our meeting tomorrow

Brad - thank you for agreeing to meet tomorrow to begin to discuss the comments from the public on the SEISs for Moore Ranch, Lost Creek and Hank/Nichols.

We have provided some of the comments to Joan - in an earlier email. I will forward you the same set of comments or walk them over to you.

Attached is a rough cut at some of the issues we have to sort out.

We have identified some initial issues that we need OGC support on in the attached. We are continuing to work on this so when we meet tomorrow we may have a revised version of the attached but I wanted you to see the issues.

Let me know if you have any questions before we meet.
