Subject: BLM MOU

George and Marcia - BLM has signed the MOU between NRC and BLM.

They have incorporated all of our editorial changes from Cathy Poland.

They are ready for it to be signed by NRC.

Rick Deery from BLM has offered that he will hand carry the signed MOU to NRC and is willing to be part of a meeting with Charlie Miller this week - if that is an approach we want to take. (note Rick is one of the staff people we have been dealing with at BLM. He is not the person that signed the document).

Alternatively - we can have the signed version brought here by a courier and we can have Charlie sign it when he has time.

Can you discuss this with Charlie and see if he has a preference.

Thanks and let me know if you have questions.
