This is something new. It's NMA's response to EPA's comments. Not NMA's comments on the DSEISs that I sent you earlier. Joan

Subject: NMA Response to EPA Region 8 Comments on the draft SEISs

Patty,

Attached is a letter presenting the views of the National Mining Association on the comments submitted by Region 8 of the Environmental Protection Agency on the recent draft supplemental environmental impact statements for the three proposed Wyoming *in situ* recovery applications. We hope these will be of assistance as you have further discussions with EPA to address their concerns.

If you have any questions, please don't hesitate to contact me. Thanks.
