Dear Dr. McClure:

It has come to our attention that an omission existed in Amendment No. 52 to your NRC Material License No. 21-12829-01. This omission has been corrected by the addition of a total possession limit in Item 8.D., in the enclosed Corrected Copy of License Amendment No. 52.

Please note that, due to a change in NRC licensing policy, we have added a possession limit of 5 millicuries for material authorized under 10 CFR 31.11. If this is insufficient to meet your needs, please contact the Region III office immediately at (630) 829-9887.

NRC's Regulatory Issue Summary (RIS) 2005-31 provides criteria to identify security-related sensitive information and guidance for handling and marking of such documents.
