CHARLES L. KROLL, Sc.D., director
regulatory operations

January 12, 1976

Mr. Douglas Collins
Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Collins:

Reference is made to our specific license application of December 8, 1975, pursuant to 10 CFR 32.71 and to our telephone discussions of January 7 and 12, 1976.

You pointed out that no reference should be made to Part 20 of 10 CFR in the "Precautions" section of our package inserts. Consequently we propose to delete the last two sentences in the "Precautions" section of each of the inserts submitted to the NRC on December 8, 1975. This change will be made, in each case, no later than July 1, 1976.

We trust that with this commitment you will be able to approve our license request.

Sincerely,

A handwritten signature in cursive script that reads 'C. L. Kroll'.

C. L. Kroll
