Proposed Amendment to License

Dear Dr. Lodhi:

STV's materials license allows for storage and use of one portable gauge. I am writing to amend Condition No. 8 of our license to increase the amount of nuclear material we possess to allow for a second gauge. We are in the process of purchasing a second CPN gauge.

Attached is an application for license amendment and backup material to complete items 5 & 6 of form 313. Please contact me directly if you have any questions or require additional information concerning this request.

Very truly yours,

STV Incorporated
