Subject: RE: Update on Status of OMA Reviews

Thanks for this. It comes unexpected and is informative. Do you anticipate a comm plan for the controversial sites. Indian Point and OC?

Subject: Update on Status of OMA Reviews

John,

I just wanted to let you know the status of the OMA reviews that we have been working on.

Pilgrim (TAC ME0831) - Request withdrawn on April 8, 2010.

TMI (TAC ME0771) - We anticipate issuing the exemption in the next week or two.

Oyster Creek (TACs ME0756 & ME0780) - This is being drafted by our contractor and we anticipate issuing the exemptions sometime in the May/June timeframe.

Indian Point (TACs ME0798 & ME0799) - The licensee recently postponed their RAI response date until May 4, 2010. Once we receive their responses, we will forward them to our contractor so they can draft the exemptions. We anticipate issuing the exemption sometime in the June/July timeframe.

FitzPatrick (TAC ME0727) - We issued the exemption on March 11, 2010 (ML100340670).

Peach Bottom (TACs ME0855 & ME0856) - We anticipate issuing the exemption in the next month or so.

Its worth noting that in most cases, the licensees have reduced the number of OMAs in their requests from what was originally included due to implementation of the guidance contained in RG 1.189 Rev. 2. If you have any questions, please feel free to contact me.

Regards,

Brian Metzger
