(2) Monitor contractor performance and recommend to the contracting officer changes in requirements.

(3) Inspect and accept products/services provided under the contract.

(4) Review all contractor invoices/vouchers requesting payment for products/services provided under the contract and make recommendations for approval, disapproval, or suspension.

(c) The project officer may not make changes to the express terms and conditions of this contract.

All other terms and conditions will remain the same.

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

April 5, 2011

MEMORANDUM TO: Latonya Mahlahla, Project Officer  
Office of Human Resources

FROM: Erika Eam, Contracting Officer  
Research, Resources and Grants Branch  
Division of Contracts

SUBJECT: DESIGNATION OF PROJECT OFFICER

You are hereby designated as the Project Officer for Contract No. NRC-38-09-697 with B & B Environmental Safety, Inc. Your responsibilities and extent of authority as Project Officer are described in Section C.2 of the contract.

As Project Officer, you are required to be familiar with NRC Management Directive and Handbook 11.1, "NRC Acquisition of Supplies and Services (MD 11.1)." Special attention should be made to "Part 11, Contract Administration." All correspondence with the contractor should be forwarded to the Contract Specialist. Prior Contracting Officer concurrence may be required for some correspondence, while other correspondence, e.g., changes to the terms and conditions, funding or schedule of the contract, may be forwarded to the contractor only over the Contracting Officer's signature. In addition, the Contract Specialist should be advised in advance of any scheduled meetings with the contractor.

You are required to comply with the MD 11.1, "Part 11, Review of Contractor Invoice/Voucher." While MD 11.1 and NRC Form 292 require your assessment of the contractor's overall performance in the review of submitted contractor invoices, any potential contractor concerns with the invoice/voucher should be brought to the attention of the Contract Specialist as early as possible so that positive and timely corrective action can be initiated.

If this contract includes NRC Form 187, Security Classification Requirements, and requires any type of clearance for contract performance (including access to classified Restricted Data or National Security Information or matter, access to sensitive unclassified information (Safeguards, Official Use Only, and Proprietary information), access to sensitive IT systems or data, unescorted access to NRC controlled buildings/space, or unescorted access to protected and vital areas of nuclear power plants without the approval of SB/DFS), you are required to ensure that all contractor employees have received approval by SB/DFS prior to beginning work under the contract. Your failure to comply with this requirement may result in issuance of a security infraction in accordance with MD and Handbook 12.3.

For contracts that provide for the design, development, maintenance or operation of Privacy Act (Pub. L. 93-579) Systems of Records, you are required to ensure that all records (electronic or paper) created, compiled, obtained or maintained under the contract are returned to NRC or transferred to the successor contractor or destroyed at the end of the contract in accordance with instructions to be provided by the NRC Systems Manager for Privacy Act Systems of Records. "Operation" of a Privacy Act Systems of Records means the performance of activities associated with

maintaining the systems of records, including the collection, use and dissemination of records (See FAR Clauses 25.224-1 & 25.224-2).

Mutual cooperation is essential to the success of this contract. To that end, the Contract Specialist will be contacting you within the next two weeks to discuss the obligations under the contract of both the contractor and NRC. Should you have any questions regarding this delegation of authority or require assistance, please contact Erika Eam, at (301) 492-3492 or at [Erika.Eam@nrc.gov](mailto:Erika.Eam@nrc.gov).
