Regarding S. Texas Project Unit 1+2 Relicensing.
NRC - 2010 0375 Docket NOS 50-498/50-499

Please! The Relicensing of these two
Reactors should be

The risks of fires & explosions
is too great!

Too much water is wasted!

Way too much H₂O daily to cool it!
These damn dangerous Radioactive Waste!
is not safe. What are you
going to do w/ the Radioactive Waste?

Then goes the drinking water - All gone
& toxic! Great.

Please do not relicense these two
Nuclear Reactors.
