SUMMARY

This refers to your letter date September 30, 2010, application dated September 30, 2010, and the conversation between Edward Hoffman and Michael Herr March 16, 2011.

In Item No. 3 of your application dated September 30, 2010, you requested that permission be given to use licensed material "at any portable lab asphalt location." We are unable to approve this request since NRC can only allow devices to be used in locations that it maintains jurisdiction. Please withdraw this request. If you would like permission to use your licensed materials at locations where NRC maintains jurisdiction you may do so by making a request that specifies permission to use NRC licensed materials at "temporary job sites in the United States where NRC maintains jurisdiction," as discussed in Section 8.3 of NUREG 1556, Vol. 1, Rev.1, "Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Portable Gauge Licenses," which may be found on our website at:
