Dear Ms. Gutman:

We completed our review of your Certification of Financial Assurance and Standby Trust Agreement transmitted by letter, dated February 15, 2011 (ADAMS Accession Number ML110800572). Our review identified that additional information is needed before final action can be taken on your submittal.

Pending additional information, which answers the request for additional information (RAIs), we anticipate completing our review by the end of June 2011. This date could change depending on the findings of our technical review, urgent assignments, or other factors. We will promptly communicate any significant changes to this schedule.

In accordance with Title 10 of the *Code of Federal Regulations* 2.390 of the U.S. Nuclear Regulatory Commission's (NRC's) "Rules of Practice," a copy of this cover letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System component of the NRC's document system (Agencywide Documents Access and Management System [ADAMS]). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. Since the enclosure of the RAIs contains proprietary information, the enclosure will be in ADAMS—but not publically available.
