Subject: RAI (eleventh set) for NonLOCA Topical Report MUAP-07010 - rod ejection analysis
Attachments: US-APWR Topical Report MUAP-07010 RAIs 11th set.pdf

MHI,

Attached is the RAI document (11th set) based on information pertaining to the Rod Ejection Accident (REA) methodology and analysis as referenced in the Non-LOCA Topical Report. This RAI was sent to you in draft form and, as indicated by your review of the draft version of this RAI document, there is no proprietary information located within the questions.

Your licensing review schedule assumes technically correct and complete responses within 30 days of receipt of RAIs. Please submit your RAI response to the NRC Document Control Desk.

Thanks,

Mike Takacs
