Subject: Intention to cease licensed activities
(NOTE: This will be used as the Documents Title in ADAMS)

Mr. Ritter called to ask about the procedure to terminate the license. The licensee has intentions of leaving the building during the fall of 2011 but has already ceased licensed activities. They are hiring a consultant to perform confirmatory surveys. I provided the information he requested and told him of the requirement to provide written notification to the NRC that they have ceased licensed activities. The notification should also indicate that a request to terminate the license would be forthcoming when the consultant completes its surveys and provides them to the licensee.
