Hi Jack,

Here is that email with the updated DP-5 Matrix from last night. Sorry it didn't come through. Unfortunately that happens once in a while.

Hi Jack,

Sorry for the delay in getting this matrix out to you. Attached is the DP-5 Issues Matrix for our 10 AM Central conference call on Friday. We have updated the Proposed Resolutions for questions 3, 6, and 9 per our last discussion on February 25th. Minor wording changes were also made on Questions 1,5, and 10.

Your four topics from this afternoon immediately prompted some discussion, and we would be interested in asking a few related questions if time permits.

If you have any questions, please contact Mark Michelsen at 314 810-3376.

Thanks and best regards-Nick
