Dr. Sidney Galler
Deputy Assistant Secretary
for Environmental Affairs
U.S. Department of Commerce
Room 3425
14th & Constitution, N.W.
Washington, D.C. 20230

Dear Dr. Galler:

I am forwarding the environmental impact documentation prepared by the Tennessee Valley Authority (TVA) as an enclosure to this letter.

A brief explanation is warranted, however, as you may have already received from TVA identical documentation for review. A revised procedural agreement has been instituted jointly between the AEC and TVA, which states that in all future reviews of TVA nuclear facilities the AEC will now consider the TVA draft environmental statement to be the Environmental Report required of all non-Federal applicants and will independently prepare an AEC Environmental Statement using the TVA environmental statement as the basis.

This action is taken to provide you with background information in advance of receipt of the AEC Draft Environmental Statement and to aid you in expediting your review. Other pertinent correspondence in these matters will be forwarded to you as it becomes available, also for information and background. The Draft Environmental Statements, which are now in preparation in this office will be forwarded for your review and comment in accordance with the provisions of Appendix D of the Commission's regulations, 10 CFR Part 50.

If I can be of further assistance in this matter, please let me know.

Sincerely,

Daniel R. Muller, Assistant Director
for Environmental Projects
Directorate of Licensing
