Don and John,

We can support a 2:00 pm call. Does Luminant normally provide a call-in number or NRC. Steve is in a Chapter day. Please let me know how many lines I need if you need me to set up the call. Otherwise send me a scheduler with the call in information.

Thanks,

Dennis,

I just received confirmation that we can support a call at 2pm EDT (1pm CDT) this afternoon. Sorry I am responding so late but my SMEs had left by the time we tried to reach them on Friday. Does this work for you?

Milton,

I lost track of this email. Sorry about that. Luminant was waiting for me to propose a time. Please propose a time next week when you and your contractor will be available.

Don and John,

The staff has identified an additional time to have a phone call. Please let me know if any of these will work. Otherwise the call will need to be next week.

Dennis,

My contractor and I will be available today until 5pm, or tomorrow from 1pm to 2pm. This phone call shouldn't take more than 20 minutes.

Don,

I called into the conference call at 3:00 PM at the number provided by Steve but no one else joined (see attached). I hung up after 15 minutes. Milton Valentin also called in. Please let me know when we may reschedule the call. It will either have to be before 5:00 pm today or next week.
