Dear Mr. Simmons,

I received an answer to a question I posed to the previous Radiation Safety Officer. I was under the impression that he had sent back one of our sealed sources. He did not send it back to the manufacture. He has it in our storage room. I would like to add this information to the list I sent you yesterday.

Item 8 F. Add one (1) additional source at 15 mCi.

Item 9 F and G. Add one (1) Varian Model 3400.

If you have any additional questions or concerns, please contact me.

Sincerely,

John G Center, Jr
