Justin/Pat:

This is a reminder. At the Thursday public meeting, there was a discussion that came from the NRC fuels group concerning the need for additional information on WINCISE/BEACON. However, we have not received a question. We are running out of time on our end. We anticipate needing input from our fuels group to support the answer. With an outage starting on Sunday our fuels people are tied up in outage preparations. Our fuels team is aware of the potential for a question and is standing by to support the response. Please let us know if we are going to get a question and if so please expedite getting the question(s) to us in writing.

Thanks,

Steve

Pat:

Thanks!!!! At the meeting yesterday, there was some discussion of needing additional information on the WINCISE system. I think this was a potential question from your fuels branch. Can you check and see if this is still needed?

Thanks,

Steve
