Subject: RE: NRC I&C RAI metrics

All:

To the best of my knowledge these are the current I&C RAI statistics based on Today's matrix update. Please note that we have received six additional questions from the NRC related to the RM-1000 radiation monitors. Our next response letter is scheduled to be issued Tuesday March 29. NRC review of previously submitted Common Q responses has been on hold while the reviewer has been preparing the Common Q audit report. Review of these items is expected to commence this week.
