Subject: Draft RAIs for MPS3 End of Cycle SG Tube Inspection Report
Attachments: DRAFT RAI.docx

Afternoon,

Attached are Draft RAIs related to the Millstone 3 End of Cycle SG Tube Inspection Report submitted on 10/28/2010. The RAIs are being sent to you to ensure that the questions are understandable, the regulatory basis for the questions is clear, and to determine if the information was previously docketed. Please inform me by COB on Friday, 4/22/2011, if DNC desires to have a teleconference regarding the attached draft RAIs. If I don't hear from you by COB on 04/22/2011, then I will issue the RAIs with a response due date of 05/23/2011.

Thanks,
John
