Docket No. 40-8943; ASLBP No. 08-867-02-OLA-BD01

Dear Administrative Judges:

In its Order dated January 8, 2009, the Atomic Safety and Licensing Board (“Board”) directed the NRC staff (“Staff”), commencing on January 15, 2009, to tender each month “a short report advising as to whether the estimated dates for issuance of the final [Safety Evaluation Report (‘SER’)] (predicted for summer/fall of 2009) and final [environmental review document] (predicted for December of 2009) have changed or become more definitive.” The Staff is revising its estimates of when it will be able to issue the SER and the final environmental review document.<sup>1</sup> The Staff now expects to issue the SER by December 2011. Likewise, the Staff expects to issue the final environmental review document by December 2011.

In keeping with the Board’s mandate, the Staff will tender its next monthly status report by May 16, 2011.

Respectfully submitted,
