Subject: Ross Uranium ISR Project

Dear Mr. Bordeaux,

Two months ago, the NRC sent you a letter informing you of the proposed Strata Energy Ross Uranium In-Situ Recovery (ISR) project in Crook County, WY. You were sent the letter because of your affiliation with Devils Tower National Monument. The letter asked if you would be interested in Section 106 Consultation regarding that project. Please let me know if the Rosebud Sioux are interested or not.

Thank you,

Alan B. Bjornsen
