Dear Ms. Bladey:

I am writing to strongly support the license renewal for an additional 20 years of Units 1 and 2 at the South Texas Project Nuclear Operating Company in Matagorda County.

STP is the largest employer in Matagorda County with more than 1200 employees and for 30 years has been a key part of the County and local communities. The company's employees are active in the local community serving on school boards, chambers and in civic and service organizations.

For over 20 years STP's existing units have supplied safe, clean and reliable energy to more than two million Texas homes while also providing permanent, well-paying jobs. The facility is a recognized industry leader in production, reliability and safety as well as being focused and committed to the safety of its employees and the surrounding communities.

I believe nuclear energy plays an important role in the long-term energy future of Texas. There is a growing recognition of nuclear energy's environmental benefits and its role in providing much needed generating capacity in our state for many years to come.

I strongly support the license renewal for Units 1 and 2 at STP and urge the Nuclear Regulatory Commission's favorable consideration.

Please know that I and my staff stand ready to assist in any way possible.

Sincerely,

State Representative Randy Weber
District-29
