DEC 10 1973

Dear Mr. Muller:

Thank you for your letter of November 1, 1973, transmitting copies of TVA responses to a second set of AEC comments plus copies of additional TVA responses to the second set of AEC comments on the Bellefonte draft environmental impact statement.

We note that these documents do not address our previous suggestion concerning the identification and location of all private wells and springs in close proximity to the site, nor are the effects of excavations on groundwater levels considered.

We suggest that a contingency program be developed in the event the proposed nonradiological environmental monitoring program for the Bellefonte Nuclear Plant indicates adverse impacts are occurring in the aquatic environment.

We hope these comments will be helpful to you.

Sincerely yours,

Acting
Deputy Assistant

William A. Vojeley
Secretary of the Interior

Mr. Daniel R. Muller
Assistant Director for
