Elizabeth S. Bowers, Esq.
Atomic Safety and Licensing Board
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Ms. Bowers:

Re: Bellefonte Nuclear Plant Units 1 and 2,
Access Railroad

I carefully read Section 9.2.7 and Figure 9.2 of the Final Environmental Statement of the AEC. I have also carefully read pages 2.9-6, 2.9-7, 7.13-1 and 7.1-2 of the Final Environmental Statement of the TVA.

As a result of my study, I find myself in complete agreement with William E. Garner that the alternative route would be in the best interests of the future development of metropolitan Scottsboro, Jackson County and the State of Alabama.

Respectfully,

John T. Reid
John T. Reid, Mayor

City of Scottsboro
Scottsboro, Alabama 35768
