Projects
Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Muller:

This is in response to your letter of 1 February 1974 addressed to Mr. Benjamin O. Davis concerning the draft environmental impact statement for Bellefonte Nuclear Plants 1 and 2, Jackson County, Alabama.

The concerned operating administrations and staff of the Department of Transportation have reviewed the material submitted. The Coast Guard commented as follows:

"The draft statement indicates the cooling intake and outflow structures have not been designed. When these structures are designed, they must not have an adverse affect on navigation."

The Department of Transportation has no further comments to offer nor do we have any objection to this project.

The opportunity to review this project is appreciated.

Sincerely,

R. I. PRICE
