Dr. Philip F. Gustafson, Director
 Environmental Statement Project
 Argonne National Laboratory
 9700 South Cass Avenue
 Argonne, Illinois 60439

Dear Phil:

As you know you have been assigned the review responsibility of the Bellefonte plant. In this regard, your team leader, K. Hub, and G. Dittman, the EPM have established that this project can be completed within a total budget of \$75,000. This will include publishing the FES by June 10, 1974, preparation of environmental technical specifications and participation in the ASLR hearing.

This letter is your authorization to spend up to \$75,000 of your Environmental Regulatory Support funding in the Bellefonte project. Should your future projections indicate that this figure will be exceeded, please report to me promptly so that adjustments in work effort or funding can be made.

Sincerely,

Original signed by
