Mr. A. Giambusso
Deputy Director for Reactor Projects
Directorate of Licensing
U.S. Atomic Energy Commission
7920 Norfolk Avenue
Bethesda, Maryland 20014

Dear Mr. Giambusso:

In the Matter of the Applications of) Docket Nos. 50-438
Tennessee Valley Authority) 50-439

A schedule for your review of our application for a construction permit for the Bellefonte Nuclear Plant units 1 and 2 was established in your letter dated July 27, 1973. In that letter you set target dates of May 30, 1974, for your safety evaluation report and November 26, 1973, and April 15, 1974, for issuance of your draft and final environmental statements respectively. We have not been notified of any change in your review schedule, although we have noted that your draft environmental statement was issued on February 1, 1974, which is approximately two months later than was indicated in your schedule. It is our understanding the turnaround time from your draft to final environmental statement is expected to be three months. It therefore appears that unless you are able to make up some of the time, your final environmental statement will be issued about May 1, 1974.

The recently announced AEC policy concerning the issuance of limited work authorizations following favorable findings by an ASLB on environmental matters adds importance to these milestone dates. In fact we believe the Bellefonte plant can be expedited by application of the new AEC policies to this plant. We would hope that a limited work authorization would be granted at the completion of the environmental hearing and onsite activities could therefore begin several months earlier than would have been possible under the earlier policies.

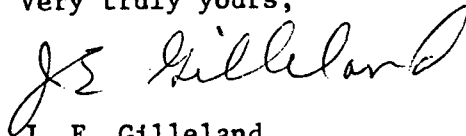

1868

Mr. A. Giambusso

March 6, 1974

In order for TVA to realistically evaluate its projected schedule, we would appreciate your giving us your latest schedule for the review of the Bellefonte application, particularly in regard to the schedule for the completion of the environmental review.

Very truly yours,

A handwritten signature in cursive script, appearing to read "J. E. Gilleland".

J. E. Gilleland

Assistant to the Manager of Power
