Mr. A. Schwencer, Chief
Pressurized Water Reactors Branch No. 4
Directorate of Licensing
Office of Regulation
U.S. Atomic Energy Commission
Washington, DC 20545

Dear Mr. Schwencer:

In the Matter of the Applications of) Docket Nos. 50-438
Tennessee Valley Authority) 50-439

In your September 14, 1973, request for additional information, there are four items involving ECCS that require incorporating the effects of the interim acceptance criteria into their responses. Specifically, these are Questions 6.26, 6.28, 6.32, and 6.33.

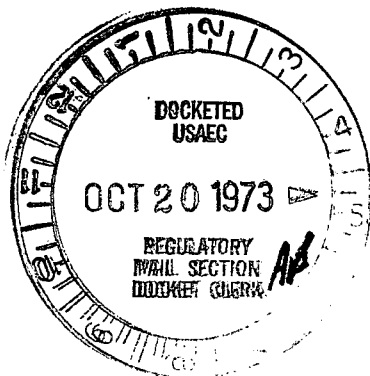

Discussions with the AEC staff have confirmed our information that the new ECCS acceptance criteria is scheduled to be published about November 1, 1973. We suspect that the new ECCS acceptance criteria will probably have to be incorporated into the Bellefonte Nuclear Plant Preliminary Safety Analysis Report (PSAR) and the AEC Staff's Safety Evaluation Report before a construction permit is issued.

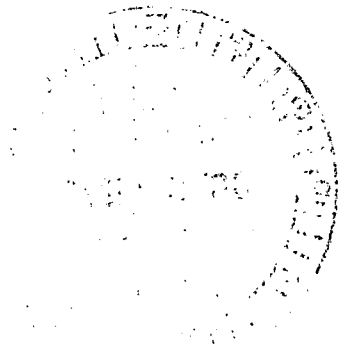

Therefore, we are suggesting that we defer our responses to Questions 6.26, 6.28, 6.32, and 6.33 until the new ECCS acceptance criteria is published and its applicability to our application is determined. We would expect to follow the timetable specified in the new criteria for providing our responses to the above items.

If this suggested procedure creates any problems, please advise us.

Very truly yours,
J. E. Gilleland

Dear Mr. Schwemmer:

In the latter of the Applications of)
Docket nos. 50-438)
50-439)

In your September 14, 1973, request for additional information, there are four items involving EOCs that require incorporation of the interim acceptance criteria into their responses. Specifically, these are Questions 6.22, 6.23, 6.32, and 6.33.

Discussions with the AEC staff have confirmed our information that the new EOCs acceptance criteria is scheduled to be published about November 1, 1973. We suspect that the new EOCs acceptance criteria will probably have to be incorporated into the Bellfonte Nuclear Plant Preliminary Safety Analysis Report (PSAR) and the AEC Staff's Safety Evaluation Report before a construction permit is issued.

Therefore, we are suggesting that we defer our responses to Questions 6.22, 6.23, 6.32, and 6.33 until the new EOCs acceptance criteria is published and its applicability to our application is determined. We would expect to follow the timetable specified in the new criteria for providing our responses to the above items.

If this suggested procedure creates any problems, please advise us.

Very truly yours,
