Gentlemen:

SUBJECT: BELLEFONTE NUCLEAR PLANT APPLICATION ACCEPTANCE REVIEW

On February 3, 1978, we received your letter dated February 1, 1978, tendering your application for operating licenses for the Bellefonte Nuclear Plant Units 1 and 2. The tendered application includes the following documents:

1. Final Safety Analysis Report
2. Information Pursuant to 10 CFR Section 50.33 of the Commissions Rules and Regulations
3. Environmental Report

We began an acceptance review on February 6, 1978, to determine the completeness of these documents and expect to complete our review by March 7, 1978. Upon completion of our review, we will notify you by letter as to the conclusions and arrange a meeting with you to discuss these conclusions.

A copy of your application has been placed in the NRC Public Document Room in Washington, D. C., and a local public document room that had been established at the Scottsboro Public Library, 1002 South Broad Street, Scottsboro, Alabama 35768.

A copy of the application, and other relevant documents, as they become available, will be on file for public inspection. It is requested that you have one of your representatives make periodic checks of the material available and assure that any revised and supplemental information is properly incorporated into the Application, the Final Safety Analysis Report and the Environmental Report and that any amendments, reports, and letters which you file with us are also available. We will send documents you file with us to the local public document rooms.

Sincerely,

Original Signed by
O. D. Parr
