

MAY 9 1974

Docket Nos. 50-438
and 50-439 ✓

Tennessee Valley Authority
ATTN: Mr. James E. Watson
Manager of Power
818 Power Building
Chattanooga, Tennessee 37401

Gentlemen:

In order that we may continue our review of your ^{JStolz} application for a license to construct the Bellefonte Nuclear Plant, Units 1 and 2, we are providing Regulatory staff positions regarding pertinent safety matters. These positions are listed in Enclosures 1, 2 and 3. We request that you state your intent regarding compliance with each of these positions and amend your application accordingly. We are prepared to meet with you to facilitate a complete understanding of these safety matters and the bases for our positions, although agreement on these matters was reached in our May 2, 1974 meeting.

In order to maintain our licensing review schedule for those matters dealt with in the enclosures, we will need completely adequate responses by June 14, 1974, to these staff positions.

Please contact us if you have any questions regarding the staff positions.

Sincerely,

Original Signed

A. Schwencer, Chief
Light Water Reactors Br. 2-3
Directorate of Licensing

Enclosure:
Regulatory Staff Positions
