Ms. Josephine Esteban, RSO**Telephone No.****Subject:** Additional Information needed to support renewal(NOTE: This will be used as the
Documents Title in ADAMS)

The licensee submitted a renewal application but only submitted the Form 313 without any supporting information. I asked Ms. Esteban if she could resubmit the application. I suggested that she use the checklists in appendix C of NUREG 1556, Vols. 11 and 5. She agreed to resubmit. In addition, the application contained a survey of a decommissioned trailer and leak tests of Ni-63 sources that were stored in the trailer. I asked Ms. Esteban to specify the location of the sources currently and to identify any other isotopes used in the trailer. Ms. Esteban plans to fax the information upon completion.
