D04.	How many NHPA Section 106 actions involving archeological sites carried out, authorized, or required by your agency were completed during this reporting year?	15
D05.	Number of archeological sites that were stabilized, rehabilitated, monitored, or protected (e.g. anti-vandalism signs, fences, or road closures) during this reporting year.	9
D08.	How many reports (grey literature, such as Section 106 compliance reports) about archeological resources either on private or public lands were completed for your agency during the reporting period?	13
<b>For land managing agencies:</b>		
D9.	Cumulative number of acres inventoried to identify and evaluate archeological sites on agency-managed land. <i>(Include this reporting year.)</i>	N/A
	How many of these cumulative survey areas are mapped using a GIS or CAD system?	N/A
D10. A	GIS:	N/A
D10. B	CAD:	N/A
D11.	Cumulative number of archeological sites identified on agency-managed land. <i>(Include this reporting year.)</i>	N/A
	How many of the locations of the cumulative number of archeological sites discovered to date are mapped using a GIS or CAD system?	N/A
D12. A	GIS:	N/A
D12. B	CAD:	N/A
D13.	Number of archeological sites that were assessed for condition in the reporting year.	N/A

D14.	Number of known archeological sites revisited and re-evaluated during this reporting year.	N/A
<b>Section E. Archeological Data Recovery Projects</b>		
Data recovery projects include archeological investigations, typically excavations, that are conducted to mitigate the effects of destruction or disturbance caused by Federal undertakings or to document sites for interpretation or management. Recovery projects may be related to scholarly research, compliance with Sections 106 and 110 of the NHPA, ARPA, or an agency-specific statute, regulation, or policy.		
E01.	Number of archeological data recovery <b>projects</b> in progress during this reporting year.	1
E02.	Number of archeological <b>sites</b> on which data recovery was undertaken during this reporting year.	3
E03.	Number of undertakings resulting in the unexpected discovery of archeological sites subsequent to agency completion of the NHPA Section 106 review and compliance process during this reporting year.	0
E04.	Number of undertakings resulting in the unexpected discovery of archeological sites subsequent to agency completion of the NHPA Section 106 review and compliance process that required data recovery. <i>(Include the undertaking in the reporting year that the archeological site is discovered even if data recovery will not occur until the following year.)</i>	0
<b>Section F. National Register Activities</b>		
Reporting the numbers of <i>sites</i> is preferred. "Eligibility" includes administratively or consensus-determination of eligibility through documented consultation with the SHPO or THPO or through requesting an official determination of eligibility by the Keeper.		
F01.	Number of archeological sites that were determined eligible for the National Register during this reporting year.	66
F02.	Number of archeological sites that were listed in the National Register during this reporting year.	0
F03.	Number of archeological sites that were determined ineligible for listing in the National Register during this reporting year.	37
<b>For land managing agencies:</b>		
F06.	Cumulative number of archeological sites on agency managed lands that were determined eligible for the National Register. <i>(Include this reporting year.)</i>	N/A
F07.	Cumulative number of archeological sites on agency managed lands that were	N/A

	determined ineligible for the National Register. <i>(Include this reporting year.)</i>	
F08.	Cumulative number of archeological sites on agency managed lands that are listed in the National Register. <i>(Include this reporting year.)</i>	N/A
F09.	Number of archeological sites listed on the National Register that passed out of control of the reporting Federal agency during the reporting period.	N/A
	Number of archeological sites under Federal control that were formerly but are no longer listed on the National Register because of natural causes or human induced destruction.	N/A
F10.A	Natural Destruction	N/A
F10.B	Human Induced Destruction	N/A
	<b>For agencies who <i>only</i> maintain information about archeological districts on the National Register</b>	
F11.	Number of archeological districts on agency managed lands that were determined eligible for the National Register during this reporting year.	N/A
F12.	Cumulative number of archeological districts on agency managed lands that were determined eligible for the National Register by the Keeper. <i>(Include this reporting year.)</i>	N/A
F13.	Number of archeological districts on agency managed lands that were listed on the National Register during this reporting year.	N/A
F14.	Cumulative number of archeological districts on agency-managed lands that are listed on the National Register. <i>(Include this reporting year.)</i>	N/A
	<b>Section H. Archeological Collections Management</b>	
	<i>(Note: Section G is omitted to maintain consistency in the numbering of questions with prior years.)</i>	
H01.	Number of items/lots (artifacts, samples) curated in all repositories.	N/A
	And/ Or	
H02.	Number of cubic feet of material remains (artifacts, samples) curated in all repositories.	N/A
H03.	Are associated records included? (Y/N)	N/A
H04.	Percentage of collection identified in H1 or H2 that has been processed for professional curation in accordance with 36 CFR 79.5	N/A
H05.	Number of linear feet of associated paper records related to stored archeological materials, or records associated with any archeological studies.	N/A
