

June 10, 1974

Leo E. Forquer, Esq.
General Counsel
Federal Power Commission
Washington, D. C. 20426

In the Matter of Tennessee Valley Authority
(Bellefonte Nuclear Plant, Units 1 and 2)
Docket Nos. 50-438 and 50-439

Dear Mr. Forquer:

This letter is to confirm our recent request to Mr. Scott DuBoff of your office that the Federal Power Commission provide one or more witnesses to testify before the Atomic Safety and Licensing Board (ASLB) in the above-captioned case. The subject of the testimony would be proper construction and maintenance of transmission line corridors for the Bellefonte Nuclear Plant, Units 1 and 2.

The Tennessee Valley Authority (TVA) has applied for construction permits for a two-unit nuclear facility to be located six miles northeast of Scottsboro, Alabama.

On Friday, May 31, 1974, Messrs. William D. Paton and Bernard M. Bordenick of my office had a general discussion on the subject with Mr. Alan Crabtree of the FPC Office of Environmental Quality and Mr. John A. Gill of the FPC Bureau of Power. We will supplement this information with a copy of the Final Environmental Statement (FES), which will be published next Monday, June 10, 1974.

Our staff is required to file written testimony and statements of professional qualifications by July 1, 1974, for the evidentiary hearing which is expected to commence on July 9. In order to meet this requirement, it is important for us to have a draft of the FPC testimony by June 24.

deary

Messrs. William Paton and Bernard Bordenick of my staff will assist in any way they can in the development of this testimony. They can be reached on IDS Code 119 (973 Commercial) extension 7836.

Thank you for your cooperation in this matter.

Sincerely,

Joseph Gallo
Chief Hearing Counsel
