Director of Nuclear Reactor Regulation
Attention: Ms. E. Adensam, Chief
Licensing Branch No. 4
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Ms. Adensam:

In the Matter of the Application of) Docket Nos. 50-438
Tennessee Valley Authority) 50-439

This letter is in regards to a telephone conversation held on December 14, 1983, between K. Mali, B. Watters, and C. Stahle of our respective staffs, concerning the reevaluation of the schedules for the submittal of outstanding information to the NRC on the Bellefonte Nuclear Plant. TVA had committed to submittal dates in support of the earlier May 1985 unit 1 fuel load date. The current unit 1 fuel load at Bellefonte is now planned for October 1987 (please refer to L. M. Mills' December 2, 1983 letter to H. R. Denton). We plan to adjust all outstanding information submittal dates accordingly and provide you with revised dates in January 1984.

If you have any questions concerning this matter, please get in touch with Bill Watters at FTS 858-2691.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
