Dear Ms. Adensam:

In the Matter of the Application of ) Docket Nos. 50-438  
Tennessee Valley Authority ) 50-439

This letter is in regard to my letter dated December 16, 1983, which discussed the adjustment of all outstanding information submittal dates to the new revised Bellefonte Nuclear Plant unit 1 fuel load date. Enclosed is a list of commitments, a new date for submittal of each, and a reference where each commitment is made. In those instances where the commitment appears in the FSAR, the appropriate date changes will appear in a subsequent FSAR amendment. All other required submittals are tied to milestone dates (e.g., six months before fuel load, etc.) and are automatically adjusted to the new fuel load schedule.

If you have any questions concerning this matter, please get in touch with Bill Watters at FTS 858-2691.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
