Dear Ms. Adensam:

In the Matter of the Application of ) Docket Nos. 50-438  
Tennessee Valley Authority ) 50-439

Please refer to our February 3, 1984, letter submitted in response to  
Generic Letter No. 81-21 concerning natural circulation cooldown at the  
Bellefonte Nuclear Plant.

In the reference letter, TVA had indicated that a response to item 2.3  
would be submitted by March 1, 1985. We have recently reviewed this  
commitment and determined that the response would not be completed within  
this timeframe. In order to allow a sufficient amount of time for us to  
ensure the adequacy of our training program and procedures, we will delay  
the submittal of the response on item 2.3 until December 1, 1985. Please  
revise your records accordingly.

If you have any questions concerning this matter, please get in touch with  
K. Mali at FTS 858-2680.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
