Division of Pressurized Water Reactor (PWR)
Licensing B
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Stolz:

In the Matter of the Application of) Docket Nos. 50-438
Tennessee Valley Authority) 50-439

In a letter from T. M. Novak (NRC) to H. G. Parris (TVA) dated June 28, 1985, TVA was requested to submit the Bellefonte-specific analysis for TMI Action Item II.K.3.31 by July 8, 1986 (i.e., within one year of receipt of the June 28, 1985 letter). This letter is to inform you that submittal of TVA's response to TMI Action Item II.K.3.31 needs to be rescheduled. TVA has been working with B&W to evaluate and upgrade a generic report prepared for 205 fuel assembly plants for TMI Action Item II.K.3.31. This report is being upgraded to be a Bellefonte-specific response and to include the NRC's clarifications given in Generic Letter 83-35 and the letter to TVA dated June 28, 1985. Pending completion of the revisions by B&W and their review and approval by TVA, we expect to submit our response by January 15, 1987.

If you have any questions concerning this matter, please get in touch with Dennis L. Terrill at FTS 858-2682.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
