Gentlemen:

In the Matter of the Application of)  
Tennessee Valley Authority )

Docket Nos. 50-438  
50-439

BELLEFONTE NUCLEAR PLANT (BLN) - TMI ACTION ITEM II.K.3.5, "AUTOMATIC TRIP OF REACTOR COOLANT PUMPS"

References: 1. My letter to J. F. Stolz, NRC, dated July 31, 1986

2. My letter to NRC dated May 8, 1987

In the above-referenced letters, TVA discussed its plans for a joint TVA/B&W review of our previous responses to TMI Action Item II.K.3.5. This review is being conducted to ensure that information provided to you in our earlier submittals is complete and accurate according to Generic Letter 86-05, "Implementation of TMI Action Item II.K.3.5, Automatic Trip of Reactor Coolant Pumps." At the conclusion of this joint review, TVA would then provide you with any necessary additional or revised information by December 1, 1987.

Because of our startup efforts at Sequoyah and Browns Ferry, additional time is required to complete this activity. Our new submittal date for the above information is now February 1, 1988. If you have any questions concerning the above, please telephone Dennis L. Terrill at (205) 574-8820.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
